

COLE &
BRIGHT

In the daytime, lanterns and lights from the Cole & Bright collection simply add a stunning new dimension to your garden. Then something amazing happens. Relax as the evening gives way to twilight and the warm glow of your outdoor lighting gently takes over for the slowly setting sun.

Artfully arranged, it creates a softly illuminated sanctuary, where heady floral scents mingle with the crackling of ice and the clink of glasses. Create your own blissful garden setting with Cole & Bright lighting.
